

Substance Abuse Issues;

**Anybody who goes through the NCMB is remanded to extensive time out of work-years; those who enter the NCPHP anonymously without NCMB knowledge can return to work in weeks to months. NCMB attorneys engage in punitive actions, disregarding rehabilitative recommendations of NCPHP as noted in transcript of 7/30/13 meeting with Logan Graddy MD NCPHP Psychiatrist. The NCMB reports routinely refer to "Alcohol Dependence". There is never a mention of alcohol abuse which epidemiologically is much more likely; dependence means that withdrawal symptoms will occur if it's stopped, abuse means they may have used it inappropriately or at the wrong time, possibly only once!*

Licensee

4/2010; Non-Disciplinary Consent Order

Alcohol and other mental health issues, had voluntarily inactivated license, Board stated it must remain inactive.

9/2011; Consent Order for Temporary License and mandated to NCPHP after inpatient treatment for substance abuse and under contract to NCPHP.

1/2012; Full license restored

*****Out of work for a year and a half**

Licensee

2000; Voluntarily surrenders license due to arrival at work in ED intoxicated leaving NC and moving to TN where he continued to work full-time

8/28/00 Surrenders NC license and goes to work in TN full-time, entered into TN PHP contract

2005 Completed TN PHP Contract

2/28/2008; DUI Charge/dismissed

4/2008; 28d inpatient substance abuse treatment in NC

7/2008 Applied for NC reinstatement; denied by NCMB

7/-10/2008 Entered 3 month treatment program, entering into new TN PHP contract

10/2008 Enters TN PHP Contract

12/2008 Entered contract with NCPHP

3/2009 NCMB denies reinstatement request

3/2009; Reckless Driving conviction

1/2011 NCMB Informal interview; Must notify NCMB if he gets a Buprenorphine license.

2/2011 Consent Order/Temporary License.

1/19/12; Full relief of prior consent orders

Licensee

4/2007; Arrested/Charged with impaired driving

5/2008; Arrested/Charged with impaired driving

12/2009 Public Letter of Concern due to driving issues, had NCPHP contract prior to arrests above

1/2012; Consent Order; admitted to EtOH abuse on 2007, 2008

10/2010; DUI 0.20 Blood Alcohol Concentration (BAC), referred by NCPHP for comprehensive assessment

3-5/2011; Inpatient EtOH treatment, with continued therapy

1/12/2012; Consent Order for indefinite suspension of license

*****Shows the progression in punitive discipline progression over time, but this may also be in part due to his multiple-relapses, did not have re-entry plan.**

Licensee

6/2007 DUI Arrest

7/2011 DUI Arrest

1/10/2012 Consent Order for indefinite suspension/immediately stayed after self-reporting to the NCMB and to NCPHP after seeking residential treatment before being ordered to do so

*****How does the NCMB miss the 2007 DUI, or did they just not care back then. In 2012 there's a rare instance of non-punitive NCMB action with appropriate use of the NCPHP. His NCMB documents on the website are undated and unsigned; are they legal? Light discipline.**

Licensee

9/2011 Arrested in SC for Indecent Exposure 9/26/11 and 9/27/11

2/16/12 Consent order; indefinite license suspension, given NCPHP referral, went through inpatient treatment, pleaded guilty to charges

2/2013 Consent Order; temporary license, 5 year NCPHP contract

7/2013; Renewal Temp License

Licensee

10/2011 Arrived at work intoxicated in KY

10/2011 KYMB Suspended license

10/2011; SCMB Suspended license

10/2011; COMD Entered pt. into interim cessation of practice agreement

2/15/2012; Surrendered NC License

6/2012; Indefinite suspension of license by NCMB

*****KY/SC/CO all suspended his license immediately, 4 months later he surrenders his NC license, 4 months afterwards NC gives an indefinite suspension? What about the other states? Why does a license need to be suspended after its surrendered other than to get the licensee into the National Practitioners Database and causing difficulties for the remainder of their career? This is about kicking somebody when they're down while they are trying to do the right thing!**

Licensee

12/2011; NCMB received complaint that he was having cognitive changes

1/2012; License surrendered 2' to substance abuse, prior NCPHP participant, sent back to NCPHP, entered residential treatment program

3/27/2012; Consent Order for Indefinite Suspension

Licensee

10/2007 Voluntarily Surrendered License, alcohol (EtOH) dependence per NCPHP, under contract with NCPHP, no mention of inpt. treatment

9/4/2009; Applies for reinstatement, NCPHP advocates for him

9/2010; NCMB recommends Clinical Skills Assessment, given re-entry plan

12/2010 Assessment done

8/2011; Re-entry plan

10/2011 Education plan developed/re-entry plan given

12/2011 Consent Order; allowed to resume practice with Temp license

3/8/2012 Renewal

1/17/2013 Renewal

*****Out of work from 10/2007 until 12/2011, Did NCPHP recommend skills assessment in 9/2010?. Not allowed to practice for >4 years! He's basically ignored for a prolonged period of time by the NCMB. This is cruel and unacceptable!**

Licensee

6/1987 Charged with DUI which he failed to disclose on his application; "response incorrect on application" He also had 3 prior arrests for DUI.

2/14/2011 Has a hit and Run MVA, License Tag "Dr Wes" charge was dismissed, no damage to vehicles.

6/2011 Ordered to NCPHP for evaluation, under NCPHP Contract, NCPHP endorses his return to practice

4/20/12 Reprimanded, 2 year probation

*****Inadequate records on NCMB regarding alleged DUI's; did they really happen? NCMB site states that his practice of medicine was not affected by these incidents.**

June 1987 DWI charge that was dropped that was prior to my PA licensure and I did not know I was to report it. – I think an honest mistake.

Additional DWI – not reported. Yes a mistake.

2005 DWI reported. Monitored for 1 year by PHP and forced to attend 12 Step Religious Services for 1 year.

February 2011. Accused of H&R which was later dismissed and expunged – evidence indicated my car was never damaged and another car was involved

May 2011, Letter received indicating an investigation was opened regarding me because I had not reported the H&R when I renewed my license March 2011. (Attorney told me it was being expunged and not required to report)

May 2011. An investigator came to interview me. He told me I was a liar and he had evidence. He stated he interviewed the policemen who arrested me and examined my car for damage (Neither was true. No officer arrested me and my car was never examined by an officer).

Attorney retained and he took the investigator's side and sided with PHP

NCPHP interviewed me. I was scared and I was afraid to admit I drank because I was afraid of the monitoring I had already experienced and I was more afraid of the rehab stories I heard at the 12 Step Religious services. This was a mistake, but I was afraid. As you know I have a disabled partner.

The interview went well and then I had a urine test which I never heard the result. I was requested to submit letters of support which I did. All letters supported that there had

never been an issue with alcohol by anyone personally or professionally. Then I had a nail test which I heard showed alcohol use and I was labeled a liar and told I had to go for an assessment.

November 2011. Talbot 96 hour assessment. The assessment continued to call me a liar and use guilt trip shame therapy techniques. Interviews with family and friends failed to yield any evidence of alcohol problems. I was labeled as possible alcohol abuse. The doctor assessing me retired the next month FYI.

November 2011 NCPHP demanded that I go for a second assessment.

December 5, 2011. I went to Shands Vista in Florida where I was told in no uncertain terms that if PHP had sent me for an assessment, I would be forced to go and it did not matter the findings. I mentioned financial ruin to them and my need to take care of Trey. I was turned over to a lawyer there at Shands who instructed me to file bankruptcy and let the government worry about my debt. I was also told if I wanted insurance to pay for the rehab, I had to say I was drinking X amount. I was prompted what to say. I said what I had to say. The assessment of course listed alcohol dependence. FYI all family and professional interviews including the psychotherapist I was seeing for grief counseling did not identify any alcohol problems.

December 27, 2011. I chose to go to Ridgeview as it was the closest to Charlotte in case Trey, my partner got sick and I needed to return home quickly. I did my time, played the game and for the second 6 weeks, I worked in the detox unit as a counselor/peer advocate. I received no intervention during this time except for a 3 – 4 minute meeting with the psychiatrist every several days

March 16, 2012. I was released and forced to meet weekly with a group therapy and to attend 4 hours minimum of the 12 Step Religious services weekly.

April 23, 2012. I returned to work full time.

October 2013. The mandatory daily login to see if I was randomly selected twice monthly for urine tests was discontinued. The monthly random urine test by the PHP monitor continues. And I am required to continue the forced attendance in the 12 Step Religious Services

Licensee

Consent Order ?

Before 2000 had Substance abuse issues, goes through treatment

11/2003 Consent Order; Inactive status due to relocation to NY

12/17/08-3/28/09 inpatient treatment in VA and entered NCPHP contract with advocacy for him to be re-licensed

2009 DUI

Did not practice from 2003-2012

9/20/2012 Re-entry agreement

4/2013 Completion of re-entry agreement

*****Out of work for three and a half years!!!**

Licensee

6/2010 Referred to NCPHP after stealing medications from patients when he mandated that patients bring all medications to each appt for pill counts, he used water for his urine

screen with NCPHP which he denied, hair screen showed Oxycodone which he didn't have Rx for

7/2010-9/30/2011 Suspended

7/23/10 Surrenders license

Health Care Connections Assessment

3/2012 Entered contract with NCPHP and went to 3 months of inpatient treatment
4/2012 NCMB received reports of diversion of controlled substances
6/2012 completed 90d inpt treatment for addiction
8/27/12 Indefinite suspension.

12/2012 Amended consent order and temporary license through 5/2013, must keep NCPHP contract etc.

***** Punished after voluntarily completing treatment for addiction, out of work for 7 months including 3 months in treatment, then allowed back to work. Why keep him out of work when he sought and completed voluntary treatment?**

Licensee

4/10/2009 Voluntarily surrenders license; neither admits nor denies allegations that he obtained 2 prescriptions Flonase and Actiq lollipops by forging another physician's signature and having them filled by somebody other than himself

4/21/2009 He attempted to get finasteride and Fentanyl by forging another physician's signature and having it filled in the name of a person other than himself

4/24/2009 Surrendered license; had been chemically dependent on drugs

4/24/09 Consent Order for indefinite suspension not signed until 10/20/10

7/22/2009 completion of inpatient addiction treatment, entered NCPHP contract

10/2010 Consent Order for indefinite suspension signed

7/19/12; discussed application for re-instatement

8/21/12 Consent Order restoration of license and must complete a re-entry plan in an approved residency, shall not prescribe to himself

*****4/24/2009 surrenders license but his consent order for indefinite suspension is not signed until 6 months later, meanwhile he enters and completes 3 months of inpatient treatment and NCPHP contract, does not work again until 8/21/12, is out of work for three and a half years!!**

Licensee

8/1995 Surrendered license, license was restored

1/1996 Temporary license, then full license

3/2006 Tested (+) for Phenobarbital with NCPHP and had also had a DUI 2/2006

6/9/06 Voluntary Surrender of License

9/2006 Consent Order indefinite suspension

8/2012 Consent Order for re-entry

8/2013 Completion of re-entry

9/2013 Full unrestricted license.

*****Harsh Out of work for SIX years, what does the NCPHP say about these prolonged absences?**

Licensee

2007-2010 Diversion of controlled substances to self by writing for them as being prescribed for other people, he then filled the prescriptions at the pharmacy

1/2011 Voluntarily surrenders license. Underwent treatment for addiction

5/2011 Indefinite License suspension.

8/2012 Granted temporary license while under contract with NCPHP.

5/2013 Partial relief of restrictions.

*****18 months out of work, what does the NCPHP recommend?**

Licensee

2004 Obtained controlled substances under false pretense, surrendered license after arrest.

2006 NCPHP tested (+) opiates at work

2010 after Consent/re-entry in full compliance

4/2012 Relapse, ordered to never apply for NC license again

*****Harsh! Ordered to NEVER APPLY AGAIN? What does NCPHP recommend? She was an addict, was able to get clean, then relapsed once. Where is the logic?**

Licensee

2/2008 Consent Order NCPHP order, involuntarily committed after suicide attempt/overdose, entered into inpatient treatment and surrendered license

2/2008 Indefinite suspension of license

6/2010 Temporary License granted

10/2012 No mentor needed

3/2013 Continues with temporary license

*****2/2008 Suicidal/OD attempt, 6/2010 Temporary License, what did NCPHP recommend? 2.3 years out of work seems excessive.**

Licensee

5/28/2010 Relapse reckless driving/DUI/open container arrest

6/2010 Inactivates license

9/7/2010 Consent Order indefinite suspension

4/8/2012 Consent Order; temporary license, comply with NCPHP

9/20/2013 Full license granted

*****Out of work for ~2 years**

Licensee

1/2008 DUI arrest, self-referred to NCPHP as an anonymous self-referral

4/9/2008 NCMB Consent Order; PROBATION with terms/conditions to continue with NCPHP

6/2011 Relief of Consent Order Obligations

6/5/2012 DUI, Relapse, voluntary surrender of license

9/20/12 Consent Order Indefinite Suspension

*****2008 DUI, not suspended, gets probation, 4 years later it's automatic suspension**

Licensee

1/2011 Surrendered license after arrest for communicating threats, possession of drug paraphernalia and carrying a concealed weapon, also had a prior DUI

3/14/11 Voluntarily enters addiction treatment program

9/8/11 DUI/MVI arrest relapse

10/26/11 DUI arrest, drivers license revoked

9/6/12 Indefinite suspension

Licensee

2004 St. Louis MO, practicing without a license for prescribing Demerol without maintaining a medical record or doing a physical exam, paid \$700 fine and was suspended at the hospital he worked at in Duluth MN

2005 convicted of practicing medicine without a license

11/2006 Receives temporary license in NC

5/2007 Unrestricted NC license, terminate original consent order

9/2012 Appeared to be impaired at work short-term memory deficits, presented to the NCPHP, describing self as an alcoholic while taking opiates for chronic knee pain, NCPHP sent him for residential treatment for dependence which he failed to do

9/5/12 Indefinite suspension of license

*****What has happened in the last year?**

Licensee

3/6/2012 arrested and charged DUI/MVA/Property Damage after using sleeping medication with alcohol, was late for surgery the next morning when he hit a parked vehicle with EtOH on breath, BAC 0.08 that morning on his way to the OR where he was late for surgery.

9/4/12 Public Letter of Concern

***** Very light No NCPHP eval, no consequences, legally intoxicated on the way to the OR and NO PUNISHMENT???. Somebody needs an audit! Who was paid off? Who let this guy perform surgery while he was intoxicated? Which NCMB atty made a big deposit into his bank account?**

Licensee

2007 Licensed

4/12/12 NCMB informed that he had been terminated from employment @ Duke Provider was terminated from employment for fraudulently obtaining controlled substances from 10/2009-3/2012, forgery and filling Rx's for controlled medications for self, wife and in the names of family members.

4/16/2012 Voluntary surrender of license

10/19/2012 Consent Order Indefinite suspension of license

*****No mention of NCPHP**

Licensee

3/2012 Intoxication/arrest in Wilmington

2006 Resisting arrest

7/2011 Public intoxication

12/2011 applies for NC license referred to NCPHP evaluation due to public

3/2012 NCPHP evaluation, denied marijuana but urine test contradicted his denial, lied on his application for licensure in NC

8/5/12 Consent Order/Public Letter of Concern

1/2013 Ammended Consent Orde

***** Very light discipline**

Licensee

Licensed 1975

2005 DUI, monitored by NCPHP since then
7/2012 (+) Benzo metabolites in violation of NCPHP contract and admitted to having using EtOH
7/26/2012 signed NPA
8/3/12 Inactive license
12/12/12 Indefinitely suspended

Licensee

7/2001 Drug diversion/self-prescribing/forging Rx's
8/2001 Voluntary surrender of license
4/2003 Consent Order for indefinite suspension
3/2005 Consent Order for Temporary License
5/2007 full unrestricted license
6/2007 Termination of Consent order
3/2008 Public Letter of Concern due to not notifying NCMB of change of supervisor
6/2011 MVA, struck in face by airbag, started with seizures and cognitive dysfunction, MVA may have exacerbated prior TBI while in US Army in 1982, currently traumatic glaucoma, brachial plexus injury, empty sella syndrome and seizure disorder which caused excessive pain and depression with ADHD. There was concern about his ability to practice, so he went to the NCPHP 6/2011, told them of the need for pain meds and stimulants, had an evaluation done concluding iatrogenic, received treatment in a FL treatment center
2/2012 cleared for practice
10/17/2012 Relapsed and drank 4 beers and had a Vicodin on family vacation, had cognitive dysfunction, short-term memory deficits, getting lost while driving, difficulty focusing and completing tasks. NCPHP had to break his anonymity and withdraw advocacy.
1/30/2013 Consent Order Indefinite suspension of license

*****This guy serves our country, is injured in war, exacerbation 6/11 MVA aggravating his TBI, cleared to practice 2/2012, relapses 10/2012 and may never be heard from again if the NCMB's legal dept's prior actions is any indication of his future! We need to serve and protect HIM!**

Licensee

6/2012 Consent Order
2/2005 arrested, misdemeanor possession of paraphernalia and two counts of schedule IV, a felony
2/2005 on recommendation of NCPHP entered inpatient treatment
2/2006 all former charges were dropped/dismissed
2/2011 hand fracture/surgery/pain medsàrelapsed. Identified self as a fictitious patient to a pharmacist in an attempt to gain Schedule II Endocet, police were called
7/9/11 Entered inpatient treatment
10/5/11 Arrested
11/8/11 Inactivated NC License
12/22/11 Plea of guilty to reduced misdemeanor charge
6/2012 Indefinitely suspended

1/30/13 Consent Order Temporary license

7/18/13 Renewal

8/2013 Amended consent order, relief of restrictions

*****Out of work from 11/2011 to 1/2013 because he broke his hand; Suboxone would have been a PERFECT drug for him, it would have kept him working, off of pain medications (it's a good pain reliever and fights opiate cravings), almost 2 years out of work from a hand fracture!**

Licensee

8/2010 ARMB issues emergency suspension due to excessive narcotic/hydrocodone improperly prescribed to patients

9/28/10 NC inactivates license

10/2010 ARMB revokes license after investigation of above

5/2011 Consent Order; indefinite suspension NC

2/13/12 had violated order from 2010 by failing to participate in a substance-monitoring program and provide quarterly reports

1/2013 Public letter of concern Re; Public Letter of Concern given in AR

*****Public Letter of Concern in AR where the problem occurred, and NCMB indefinitely suspends her ???**

Licensee

3/2012 while a resident in training; is denied reinstatement due to two prior alcohol related arrests in 2003 and 2005. He had just left an inpatient detox and rehab facility in 2012.

1/28/2013; Consent order granting license while his NCPHP contract is in effect.

*****Resident in addiction treatment is denied license, then 10 months later license restored for the Resident, why do trainees get such rapid restoration of license where practicing physicians must wait for years?**

Licensee

Had difficulties while working in the US Air Force, held a Vermont license. VTMB suspended his license in 2000.

7/17/01 entered agreement with Virginia Medical Board; prior to 4/19/00 he disclosed to the VA MB that he had been prosecuted for drug offenses while serving in the USAF, incarcerated in Ft. Leavenworth KS for the drug offense in the USAF with History of substance abuse, dependency, psychological impairments.

Entered into NCPHP contract and finished 90 day inpatient alcohol treatment in FL then...

6/2010 DUI, which was dismissed, but he did not report the DUI on his license renewal as required

12/2012 (+) for Restoril on drug screen

12/17/2012 Signed Non-Practice Agreement (NPA)

1/2/13 Meeting with NCPHP admitted to 10/2012 relapse, then assessed @ Shands FL

1/14/2013 Surrendered license

8/2013 Consent Order Suspended Indefinitely attesting to all of the above

Licensee

1/6/2013 arrested for DUI, Hit and run, failure to stop with property damage and assault on a female, while on-call for hospital and called in for emergency as a pediatrician to assist in a complicated delivery, hospital staff smelled alcohol on his breath, BAC 0.15

1/9/13 Voluntarily surrenders license and completed inpatient treatment and NCPHP contact

4/17/13 In court admitted/pled guilty in court, demonstrated remorse, apologized in open court

5/2013 Consent Order for indefinite suspension

Licensee

9/14/2012 DUI conviction and \$100 fine

2/25/13 Voluntary Surrender of License

Licensee

2/21/13 Consent Order Indefinite Suspension/immediately stayed in all respects
Radiologist specializing in thoraco-abdominal imaging who had been a resident under NCPHP control, received full licenses 3/10/2009 entering into

3/10/09 Consent Order to remain under NCPHP contract

2/24/12 Relapse; abusing LSD and involved in a MVA, charged with DUI

3/5/12 Signed NPA

3-6/2012 Successful completion of inpatient treatment

6/2/12 Safe to return to work

6/2012 Resumed practice in VA, currently under VAPHP contract

6/4/13 Voluntarily placed NC license in inactive status while working in VA

*****VA had him out of work 3/5/12 to 5/2/12, he was under his VAPHP contract and returned to work immediately after completing his inpatient treatment for addiction, apparently he had learned enough about recovery 2009 when he had treatment that the treatment Ctr and VAPHP didn't feel that he needed longer treatment. NCMB keeps licensees out of work for YEARS not WEEKS as VAMD did! In VA he went right back to work but NCMB suspended him indefinitely 2/21/13.**

Licensee

Licensed in 2004

5/7/10 DUI

6/27/10 DUI Failed to report DUI's

Licensee

1999 Impaired driving

1/19/00 During treatment of patients "B", "C", "D" who were employees, prescribed Phentermine without having done a comprehensive history, exam, EKG, recording a diet and exercise program, vital signs, prescribed the drug for >90 days without recording a weight loss of >12 lbs

Patient "E" was given Viagra Rx without documentation of Rx's

Patient "F", "G" & "H" were given Ambien without documentation of Rx's

8/2006 Informal conference with VAMB Re; possible violation of certain laws, prescribed Ambien to an individual with whom he did not have a doctor-patient relationship

9/6/07 Consent Order/Reprimand from NCMB

5/2007 NCMB learns of 1999 impaired driving, recommend assessment with NCPHP, from there to Farley Center for treatment after testing (+) for Ecstasy and Cocaine.

10/2007 Surrenders NC License

2/11/2008 Consent Order; License is suspended indefinitely

7/21/2009 Consent Order; Informal interview with Board, gets temporary license for 4 months with mandated NCPHP contract.

5/2010 Unrestricted license

6/2010 Relief from original consent order

9/4/2010 DUI

9/10/10 Self-reports to NCMB, agrees to NPA until NCPHP clears him to return to practice

1/2011 Consent Order for indefinite suspension, immediately stayed, remanded back to NCPHP

5//13/2013 Public Letter of Concern "NCMB has completed it's investigation of the VAPHP contract which said he was only allowed to work in 1 NC and 2 VA locations which you violated, NCMB admonishes and encourages you to ensure you are always in compliance with all terms of your contracts.

*****2009 out of work ~16 months despite treatment/NCPHP contract, 2010 back to work, then DUI, back to NCPHP who clears him to re-enter practice, then he's given an indefinite suspension yet it's immediately stayed? Stayed means go back to work! What does this say in the National Practitioner's Database? This is very arbitrary and confusing How much did this cost and who did he pay off? Escalating discipline after relapse makes much more sense than lessening discipline!**

Licensee

NCCSRS Report alerts NCMB of problem due to controlled substance prescribing pattern. Seven patient records reviewed, 2 had inadequate and inconsistent documentation for diagnosis, other five records were OK. NCCSRS profile showed that from 4/2011-10/2012 he had prescribed 6 controlled substances for self
6/10/13 Consent for Public letter of Concern

*****Very light discipline, no treatment, NCPHP contract etc. Why was this guy not kept out of work for a couple of years after self-prescribing and allowing him to abuse drugs that he had prescribed to himself?**

Licensee

7/29/13

Licensed 2/2012

2/9/12 (+) Cannabis screen Job screen

3/4/12 (-) Cannabis screen Job Screen

3/8/12 (+) Cannabis Screen Job Screen

3/28/12 Referred to NCPHP, tested (-)

4/8/12 (+) Drug Screen @ NCPHP

4/16-19/12 Talbot Campus for 3-day assessment, urine and hair both tested (-)

7/29/13 Non-Disciplinary Consent Order to maintain 6 month contract with NCPHP

3/6/14 Relief of Consent Order

*****Very light Discipline! Tested (+) twice in 2012, never gets an indefinite suspension (not that they seem indicated with NCPHP advocacy, unless NCPHP requests them). This provider is treated completely differently from the majority of others, was somebody paid off? Why such a short NCPHP contract?**

Licensee

Went under contract with FL PRN while a resident, moved to NC 10/2006 with assessment by NCPHP and entered into contract with NCPHP

5/2007 met with NCMB for informal interview to discuss above, advised of need to maintain NCPHP contract, issued temporary license, renewed every 6 months until 5/2009 given full unrestricted license

6/2009 Consent Order Relief of 2009 Order

7/2011 DUI in Winston-Salem

9/27/11 Entered residential treatment for EtOH

12/2011 Consent Order Indefinite Suspension

7/29/13 Consent Order for temporary license and maintain NCPHP contract

Licensed in FL/Alabama/DC/NC

*****I see no reason for 2 year suspension unless mandated by NCPHP**

8/26/09 DUI charge

6/8/11 Plead guilty to DUI in NC Circuit Court, suspended drivers license and unsupervised probation X 12 months and required to have evaluation Re; substance abuse, surrender drivers license and complete 72 hours of community service within 90 days

7/24/13 Public Letter of Concern failure to provide information on DUI arrest on license renewal application \$1000 fine

*****Very light sentence; lied on his annual NC license application about the 2011 DUI, had a DUI and didn't spent a few years out of work like most other licensees! No evaluation, no NCPHP contracted**

Licensee

6/24/08 DUI conviction, referred to NCPHP

6/10/11 during NCPHP assessment urine showed cocaine metabolites

8/29/11 Denial of Licensure

7/24/13 Consent Order Temporary Resident Training License issued to expire with conditions, must remain in full compliance with NCPHP contract, intermittent NCMB interviews.

*****2 years without license despite NCPHP contract as a resident; other residents get minimal if any time out of practice. Is older than the average resident, probably the NCMB thought they could wring more \$\$ out of him.**

Licensee

7/2009 Dr. Rogers filed a complaint with the NCMB that she had inadequate relief of pain from her physician for a chronic problem that she had. She admitted that she had taken narcotics from a friend, the medication gave her relief.

8/2010 Dr. Rogers ordered to the NCPHP

9/2010 Dr. Rogers twice wrote for controlled medication prescriptions for herself; she had a NCPHP evaluation

8/18/11 Entered NCPHP contract, provided urine screen (+) BAC 0.03%

12/11/11 entered monitoring agreement with NCPHP

2/2012 ordered to have comprehensive assessment at an approved assessment center; she went to Ridgeview Institute in GA which indicated Major Depressive Disorder vs. Bipolar II and Personality Disorder not otherwise specified, recommendation for continued NCPHP monitoring, abstinence from EtOH/other drugs

10/23/12 NCPHP field coordinator attempted to obtain urine screen; she refused

5/29/12 Sent Email to NCMB that she had a complete nervous breakdown in office

6/20/12 Sent Email to NCPHP that she could no longer work with her psychiatrist

7/27/12 NCPHP coordinator unable to contact

7/30/12 NCPHP notified NCMB of difficulty monitoring provider

6/25/13 NCMB issued notice of charges and allegations

8/23/13 Hearing, provider did not attend, now indefinitely suspended

8/29/13 Indefinite Suspension of NC Medical License

9/6/13 Went to Wake County Court to reverse proceedings as she was never notified of the 8/23/13 hearing, which was not properly served.

9/26/13 filed notice of appeal and petition for judicial review Wake County Superior Court which remanded the matter back to the NCMB. Rogers states she willing to stay under NCPHP and withdraw her appeal

5/16/14 Consent Order/Reprimand and agrees to comply with NCPHP

*****As sick as she has been, her license wasn't touched until 8/29/13; she had been having problems for 18 months by then while refusing to cooperate with NCMB investigators, NCPHP etc!!!**

Licensee

8/30/12 NYMB License suspension based on issues in NC

11/2011 NC Consent Order for indefinite suspension after (+) Drug Screen on an employment physical and was referred to NCPHP, then violates NCPHP contract by consuming EtOH/Opiates used without Rx, entered into inpatient addiction treatment

8/26/13 Order for relief of prior Consent Order Obligation

*****Why did this person get off so lightly? Who did she pay off??**

8/23/13

Licensee

3/2009 NCPHP contract

4/2013 Admitted to relapse from 10/2012-3/2013, NCPHP recommended evaluation at a professional assessment center

4/2013 evaluation done, no inpt therapy

5/2013 Voluntary surrender of license with prior Hx of EtOH abuse

8/23/13 Indefinite suspension of license

Licensee

(no letter sent, 59 yo, money to bribe?)

Licensed 1991

4/9/12 Non-Practice Agreement

7/2012 Completed residential treatment and entered into NCPHP contract

9/2013 Met with NCMB to discuss progress with NCMB

10/9/13 Consent Order/Temporary License

*****How did she manage to not be kept out of work for years due to substance abuse issues? All she had was an NPA followed by a temporary license! How much did that cost her in bribes?**

Licensee

8/8/11 arrested for obtaining controlled substances/Ambien by fraud/forgery

8/10/11 NCPHP assessment/referred for residential treatment

8/12/11 Voluntarily inactivated license

2/14/12 Indefinite suspension

7/17/13 Requested reinstatement

8/22/13 Temporary License

*****He would have completed treatment ~11/2011; he took simple sleeping pills, not narcotics or more dangerous controlled substances. He would have been out of treatment by mid-November 2011 yet didn't go back to work until almost 2 years later?**

Licensee

11/30/2007 Voluntary surrender of license; for forging two prescriptions of Norco diverted to self, admits to substance abuse/dependency

3/2008 Consent Order; Consent Order; indefinite suspension

4/2010; Consent Order; Re-entry agreement, continue with NCPHP

1/2011; Voluntary surrenders license due to arrest for 2 felony counts for attempting controlled substances by fraud and 3 felony counts of obtaining and attempting to obtain property by false pretense. Should have been under NCPHP contract at the time.

8/15/2011; Consent Order; Indefinite suspension for diverting prescriptions for his own use. No criminal court convictions are noted in public records.

*****What did the NCPHP say about his re-entry into practice and when to do so? Why is he kept out of practice for so long? Presumably he went into treatment 11/07 or thereabouts? Why is he not practicing after problems in 2011?**

Licensee

6/12/06 DUI arrest while under NCPHP contract

6/2006 Voluntary Surrender of license

9/20/06 Consent Order; indefinite suspension of license due to EtOH/pharmaceutical abuse.

7/26/07 Consent Order; Temporary License

11/2007 Consent Order; Full license

10/2010 EtOH abuse in violation of NCPHP contract, tested (+) for metabolites

2/1/11 entered residential treatment and ceased practicing medicine until meeting with NCMB

5/2011 Met with NCMB;

8/2011 Consent Order; upon successful of treatment and with full compliance/advocacy by NCPHP and with no evidence of compromised patient care had license suspended indefinitely immediately stayed but actively suspended 90 days through 5/1/11, must maintain NCPHP contract obligations.

*****Such wide variability of treatment. Who was paid off? On his first addiction treatment, he was out of work for 13 months, had a full license within 4 months. On his second episode/relapse he was out of practice 10 only months. Most substance abusing licensees are out of work 2-3 years (currently) after first addiction treatment and longer after the second/or relapse.**

Licensee

Licensed 1997, under contract with NCPHP since 2009 for substance/dependence issues
2/15/11 admitted to NCPHP she had relapsed.

2/28/2011 NCMB investigator notified NCPHP of failing urine drug screen, license to practice was made inactive.

7/28/11 Consent Order; Indefinite suspension

5/2012 placed on Medicaid/Medicare exclusion list despite lack of NCMB documentation of a reason for this

Has no further documentation on the NCMB website

*****No prior information on this issue, may have self-referred anonymously to NCPHP prior to 2009 without NCMB's knowledge. Why has she disappeared completely? She's been out of work apparently since 2/28/11, by 10/2013 she should have been back in practice. Is this an example of the NCMB Legal Department keeping a licensee from practicing for an indefinite period of time? Does NCPHP advocate for her? There is no record of a problem with her from 1997 until 2/28/11. She practiced over a decade with no apparent problems and has not been heard from since.**

Licensee

Licensed 5/20/95

1/1/2010 Consent Order; Voluntary surrender of license 1/1/10 after felony possession of cocaine

7/2010 entered inpatient treatment

7/30/10 Felony charges dismissed

10/2010 Consent Order for indefinite suspension

8/5/11 5 months after applying for license re-instatement had (+) cocaine urine screen.

10/2011 Denial of License; Due to criminal history including 1/2010 felony charge, and disciplinary history with NCMB including 2010 consent order, your application about substance abuse/EtOH consumption questions being answered on re-application about using EtOH or other substances being used which could impair your ability to practice. Your answer was that during the time you were intoxicated you were unable to practice.

*****Why deny licensure to somebody who was honest on his application, practiced for 5 years without problems, had a substance abuse issue for which he was treated, felony charges which were dismissed. Why didn't he get an "indefinite suspension" like most others would get. He appears to have relapsed 8/5/11, that should get him back to NCPHP for re-evaluation and re-treatment with an indefinite suspension.**

Licensee

Licensed 1997, no convictions/malpractice

9/31/11 Self-prescribing medication allegations, Soma and Norvasc

2/2011 NCMB reviewed patient records, some were below acceptable medical practice, patient's "E-I" were below medical practice standards.

6/2011 NCMB received information that she was continuing to self-prescribe and taking Phentermine which she admitted to, using Phentermine from out-of-date office supplies.

9/20/11 Consent Order indefinite suspension

*****No mention of NCPHP, this sounds like another situation in which the Legal Dept banishes a licensee by refusing to charge or release them.**

Licensee

Licensed in 1996 with no prior history available

Hx EtOH abuse, anonymous NCPHP participant

9,10/2010 NCPHP notified NCMB that she had consumed alcohol in violation of NCPHP contract

2/22/11 Consent Order; Indefinite suspension.

*****No further records; typically an addict goes into treatment for about 90 days and is cleared to return to practice by the treatment center. If this had been done she would have resumed practice by 6/2011. Is this another licensee being covertly punished by the Legal Dept?**

Licensee

Psychiatry/addiction medicine

2006 NCPHP contract for substance abuse/dependence related issues

9/13/10 Informed NCPHP of Methamphetamine use during 2010, thereafter stopped prescribing and practicing, entering into inpatient treatment

1/2011 Voluntarily Surrendered License

4/2011 Consent Order Indefinite Suspension

*****Voluntarily entered and (assuming) completed residential treatment, should have been out and ready to practice around 4/2011, now lives in Tampa FL. This sounds like another "lost" victim of the NCMB legal dept.**

Licensee

Inactive license

Conviction 2007 Obtaining non-control drug pled down to a felony

Hx Substance abuse and depression, Hx of issues with NCMB, in a prior consent order shot holes in the walls at home while intoxicated

11/2010 Consent Order; Indefinite Suspension

*****No record of what happened to him after the indefinite suspension**

Licensee

Licensed 1991

8/1/2010 DUI charge

9/2/10 NCPHP evaluation

9/22/10; Entered into NCPHP Monitoring Contract

10/4/10; Convicted of 1 count of level V DUI

1/14/11 Consent Order; Non-Disciplinary but no public letter in file

Hereby Ordered _____ Shall maintain NCPHP contract, shall not unlawfully obtain prescriptions

*****Why did she get off so lightly when others are out of work for years?**

Licensee

2/26/10; Consent Order 6 month suspension immediately stayed, refrain from illegal drug use etc.

11/2009 Admitted to a NCMB investigator to prior use of an illegal controlled substance, in 2009 voluntarily entered NCPHP who found no evidence of substance dependence; he voluntarily entered into a NCPHP contract.

*****Consent Order/suspension is harsh for a guy who thought he may have had a problem, voluntarily sought help and remained under contract voluntarily. One of**

the key tenets to addiction recovery is “rigorous honesty in every detail of our lives”. This guy was candid with an investigator and was unnecessarily disciplined; he had already fixed his problem, should have gotten no more than a private letter of concern.

Licensee

Licensed 2003

Spring 2009 wrote Rx's for self; written for family members, diverting to self, NCMB referred her to NCPHP. Spring 2010 was taking Rx's to pharmacies

5/2010 Voluntary surrender of license, went into residential treatment, has never been heard from.

*****Out of work for >3 years, what did NCPHP say?**

Licensee

10/10/10 Consent Order for Public Letter of Concern

*****DUI/Reckless driving/arrest; where's the NCPHP? Who did he pay off and how much did it cost him? Why do others spend 2-3+ years out of practice for this? Where's the consistency in disciplinary actions?**

Licensee

Hx of substance abuse

Fall 1994 DUI while a participant in the NCPHP after 3 month inpatient treatment

1995 Consent Order? (Unable to open on website)

2005 Consent Order?

5/8/09 DUI/arrest, surrendered medical license

7/20/10 License suspended indefinitely

*****Lost to follow-up, where's the NCPHP? Is there nothing that could be done to rehab this guy?**

Licensee

Had periodically smoked marijuana for several years, no evidence of discipline or harm to patients. No restriction on license, has agreed to voluntarily self-refer NCPHP.

5/2010 Consent Order to self-refer to NCPHP, suspension for 6 months immediately stayed

Currently license inactive, no date as to inactivity of license or circumstances around that.

License expired in 2011, has not been renewed.

*****Is this another “lost” licensee who has neither been charged nor released?**

Licensee

Hx of NCPHP participation followed by relapse and indefinite suspension

5/17/2010 indefinite suspension.

*****Is this another “lost” licensee who has neither been charged nor released?**

Licensee

Fayetteville PD informed NCMB that they were going to press charges against licensee for using former/retired supervisors old Rx pad to write himself Rx's. NCMB told him to refer to NCPHP, he was compliant, no convictions in the legal system, no medmal, no prior substance abuse history

2/2010 Voluntary surrender of license

5/24/10 Consent Order Indefinite Suspension

*****Another lost soul, no information as to what happened to him on NCMB site.**

Licensee

Licensed 1997

Was in a personal relationship with somebody who became his patient. He prescribed non-controlled medications to this person without appropriate documentation. 4 complaints were received from other patients and inappropriate and bizarre behavior from the provider.

5/2008 Informal interview with NCMB investigative committee

5/23/08 Surrendered his license

5/2010 Consent Order; Indefinite suspension

*****This provider practiced for 11 years, had psychiatric issues, surrendered his license and is among the "lost". Was the NCPHP involved? What was their opinion?**

Licensee

Voluntarily told NCPHP of prior controlled substance abuse. NCPHP found no indication of dependency. He voluntarily entered NCPHP contract. He admitted his history to a NCMB investigator

2/26/10 Consent Order; Suspension 6 months, immediately stayed

*****Why would the NCMB penalize somebody for trying to do the right thing? During the same time frame, 2 physicians wrote controlled meds for family members; Dr. Kato gets reprimand, 10 hours of CME, Dr. Fenn gets consent order for suspension 6 months/immediately stayed all in January 2010. Why this variability? Who is being paid off?**

Licensee

Provider wrote for Schedule II narcotics for a family members then diverted them to herself. No prior history of problems.

2/2010 Consent Order; Revocation of license

*****No NCPHP, No opportunity for redemption, another "lost" disposable physician!**

Licensee

NCPHP client for prolonged period

6/2009 Suspected relapse/admitted/surrendered license

3/2/10 Consent Order; Indefinite suspension of license, still inactive, out of work for >3 years at this point

*****Another "lost" provider.**

Licensee

Arrested in Cherokee for misdemeanor marijuana possession, went under NCPHP contract. Had another comprehensive evaluation

8/30/07 Talbot Evaluation

9/18/08 Met with NCMB and surrendered license

3/2/10 Consent Order; Indefinite Suspension

*****Had some pot in his car and hasn't seen a patient since 9/2008, now "lost" 5+ years later? Where is the outrage? Other providers have gotten letters of concern regarding this sort of transgression! Shame on him for not paying off the legal dept!**

Licensee

12/2009 NCMB received information Re; abuse of EtOH/Benzodiazepines, referred to NCPHP, entered residential treatment

3/10/10 Indefinitely suspended, no further information on NCMB website

*****Another "lost" provider?!**

Licensee

Licensed 2005

4/2007; Arrested/Charged with impaired driving, charges dropped

5/2008; Arrested/Charged with impaired driving, charges dropped

12/2009 Public Letter of Concern due to driving issues, had NCPHP contract prior to arrests above, no conviction was given Re; the DUI allegations

10/2010; DUI 0.20 Blood Alcohol Concentration (BAC), referred by NCPHP for comprehensive assessment after arrest/conviction

3-5/2011; Inpatient EtOH treatment, with continued therapy

1/12/2012; Consent Order for indefinite suspension/immediately stayed of license, admitted to EtOH abuse on 2007, 2008.

*****Shows the progression in punitive discipline progression over time, but this may also be in part due to his multiple-relapses.**

Licensee

5/2009 Voluntarily surrendered license

8/31/09 Rec'd Consent Order for indefinite suspension after DUI in 2008 and DUI in 2009, self-referred to NCPHP, went to treatment on his own without order,

5/2011 Consent Order allowing return to work with stipulations, given re-entry steps to follow, given temporary license. Initial license was valid for 2 months, 7/2011 renewed to 1/2012, renewed to 1/2013

*****Out of work 2 years**

Licensee

12/2/13 Consent Order for Reprimand

6/26/13 Dr. Goodwin voluntarily placed his license on inactive status; no further action is necessary at this time

6/22/13 DUI BAL 0.21 NCMB opened investigation, which revealed that he had failed to report his arrest and convictions of 2007 & 2008 during license renewal as required

3/7/08 DUI level 5 Misdemeanor
6/6/07 DUI/speeding BAL 0.15

Licensee

Patsy Smith may be who the Excel Phone #'s are to

2004 Consent Order alludes to a history of substance abuse.

2007 on occasions improperly obtained Focalin and using Focalin discarded by patients and agreed to purchase Focalin by one of his patients who was not taking the medication, also exchanged Focalin for samples of other non-controlled Rx's with a patient in order to obtain Focalin

3/2008 Consent Order; Indefinite suspension-never heard from again.

*****Sounds like a guy with ADD/ADHD, no evidence of NCPHP involvement. Was he self-treating his ADD? This is a twice-daily drug with a lower abuse potential unless it's crushed and snorted. There is no evidence to support that this was happening. If it HAD been happening, he's a NCPHP candidate but was not referred.**

Licensee

Dollie Jonas, relative @ 300 Arbor Dr Greenville NC 27858

8/2007 arrested for the Greenville Police charged with felony manufacture of marijuana, intent to distribute, possession of drug paraphernalia. All resulted from an anonymous tip to the GPD which revealed two plants, scales, a pipe, pepper spray, ammunition, a gun and \$700 in cash. He was given a suspended sentence and placed on unsupervised probation for 12 months

10/29/07 started working in a practice in Hayesville, 2 weeks later he notified the NCMB of his new job.

12/2007 Robert Ayala NCMB investigator conducted a "physician extender site-check" noting several deficiencies, a copy of his supervisory agreement was not present, nor was documentation of quality improvement meetings occurring, prescription pad did not list his supervising physician's name

10/2008 Consent Order for indefinite suspension, has never returned to work.

*****Another disposable provider from 6 years ago.**

Licensee

8/2007 DUI arrest; was ordered to undergo assessment/treatment for EtOH abuse

6/19/08 admitted to EtOH consumption; she inactivated her license.

9/2008 Consent Order Indefinite Suspension

*****Another disposable provider!**

2004 Consent Order

Failed to keep proper inventory of controlled substances, kept pre-signed Rx blanks and prescribed medications to family members

7/13/06 entered into NCPHP contract

2007 complaint to NCMB that she was prescribing narcotics to a patient in an "inappropriate manner", NCMB reviewed charts for this patient and 15 other patients

9/2009 Consent Order indefinite suspension

Licensee

Prescribed numerous prescriptions for non-controlled substances to herself without keeping records of them. Also abused Ultram. She was not practicing medicine during this time.

6/2006 Surrendered license

Moved to WA state, left medicine forever

*****Excessive discipline, never had a chance to return to practice. She's hardly the first physician to self-prescribe, yet she NEVER returns to work?**

Licensee

Hx of substance abuse

2005 Consent Order; must tell NCPHP if he is prescribed any controlled medications, he didn't tell them when he took Hydrocodone cough syrup prescribed from his physician

2/2007 Admitted to NCMB investigator that he had abused Hydrocodone after a difficult court date regarding a domestic situation

4/2007 Surrendered license

8/2007 Consent order; indefinite suspension—never heard from again.

*****This is terribly harsh for an episode of hydrocodone abuse! Another lost soul.**

Licensee

2006 Inactivated license

3/2007 inpatient treatment/NCPHP contract/compliance

4/2007 Surrendered license after (+) urine screen

10/2007 Consent Order; indefinite suspension, due to methamphetamine dependence,

*****1 relapse, never to return to practice again...**

Licensee

4/2007 Surrendered license and self-reported to NCPHP due to diversion of controlled substances to self on 2 occasions.

10/2007 Indefinite suspension

*****2 diversions of controlled substances to self and he never returns to practice...**

Licensee

NCMS

Durham NC Psychiatry

6/2004 DUI/pled guilty 11/2004. Completed a substance-abuse treatment, abstained from EtOH since 6/2004 and must maintain NCPHP contract

1/2006 Non-Disciplinary Consent Order

*****Why is this guy out of work for a few years? Does he know somebody on the NCMB as he lives in Durham? How much did it cost?**

Licensee

GA & VA indefinitely suspended license, NC reciprocated. Lives in Greensboro unclear as to what happened.

Licensee

Wife Sharon died 2002

3/2002-11/2002 Diverted several controlled substances for his own and wife's use by issuing Rx's for Patient "A" and then purchasing the medication from patient "A".

Dr. denies NCMB's allegations but signs consent order

3/2006 Consent Order; indefinite Suspension

*****He's never heard from again...**

Licensee

5/6/2006 while Under NCPHP contract, tested (+) for marijuana

8/2006 Consent Order; Indefinite Suspension

*****Never heard from again...**

Licensee

Hx of substance abuse, was an anonymous participant of NCPHP,

8/2005 tested (+) for Ultram which she had self-administered without notifying the

NCPHP, also in 8/2005 tested (+) for a controlled substance provided by her dentist after a procedure but failed to notify the NCPHP of the Rx.

2/2006 Surrendered her license

6/2006 Fibromyalgia diagnosed

7/2006; Consent Order for indefinite suspension, no further record of activity with the NCMB

***** Another lost soul...**

Licensee

8/2002 Surrendered license which was suspended at that time while he was working as a counselor in a physicians office and obtained blank Rx's which he filled out and gave to other people to obtain controlled substances

8/2006 Consent Order for indefinite suspension due to substance abuse, may not re-apply for 24 months.

*****No NCPHP, is never heard from again...**

Licensee

NCMS

Licensee has 2 DUI's

11/2007 Suspension of license, all but 30 days stayed based on above; entry into 5 yr NCPHP contract

6-8/2008 missed 14 phone calls Re; testing for NCPHP

8/2008 Tested (+) for EtOH

9/3/08 Summary suspension of license

1/29/09 Consent Order; Suspension for 1 year backdated to 9/3/08 for 4 month period already served, in the future if he misses two calls for monitoring with NCPHP he'll have a 90 day suspension

*****2 DUI's, 14 missed phone calls ordered by NCPHP, finally a positive EtOH test result in a 4 month suspension. He was not sent away for several months for**

evaluation/therapy of his addiction, did not get 2-3 years of no practice. Who and how much did he pay off?

Licensee

Tested (+) for EtOH after reporting for work with smell of EtOH on breath, admitted to 8 12-oz beers the night before his work shift. His employer required participation in 12-15 week of substance abuse treatment plan, subsequently...

2/25/09 Consent Order; Reprimand and must participate in any employer mandated treatment program based on the perfusion advisory committee of the NCMB.

*****No NCPHP involvement, may have had residential treatment, not clear that he did, had no suspension, essentially no other punishment after showing up at work drunk to run the heart-lung machine during open heart surgery. Man, I can't wait to have open heart surgery with him running my machine!**

Licensee

2004 Treated, 2007 relapsed, additional treatment 4-8/2007 as he as already in the NCPHP

8/31/07 Voluntary surrender of license

2/20/08 Consent Order; Indefinite suspension

1/12/09 Consent Order; temporary license

5/19/11 Full license

7/11/11 Non-disciplinary Consent Order allowing him to dispense controlled substances

Currently license inactive, date/reason unclear

Licensed in WA & PA

*****Out of work for a year and 9 months after relapse of EtOH abuse and therapy, no reason given for the extended time out of work after treatment, no reason why he's not working has an inactive license currently. Suspicious.**

Licensee

4/14/08, 4/23/08 While under NCPHP contract his urine samples had low-levels of BZO, he had a prior Hx of opiate abuse

6/4/08 Hair sample showed Fentanyl metabolites

6/5/08 License surrendered

3/2009 Consent Order; Indefinite Suspension

Never heard from again.

Hugh Patrick Hughs PA

1/2009 Surrenders license (no other information on NCMB website documents)

*****What happened? Usually there are further entries/consent orders etc. Who did he fail to pay off?**

Licensee

5/9/06 pled guilty to DUI/Concealed Weapon Permit violation

4/3/08 Self-reported DUI Re; arrest of

3/22/08 with BAC 0.15

4/3/09 Consent Order; Reprimanded for above, shall maintain contract with NCPHP

4/13/09 Consumed EtOH

10/1/09 Inactivated License

1/2010 Consent Order; Indefinite suspension Re; 4/13/09 and failure to enter NCPHP contract, had been assessed as alcohol dependent (but no word on who made this determination)

Lost to follow-up

*****No mention of being sent to residential treatment at any time, who did he pay off to avoid that? Why was he treated so lightly 4/3/09 then hammered 1/2010? Where is the consistency? Now he's a "lost soul".**

Licensee

4/1998 Level V DUI

5/2001 Application for licensure did not mention 1998 DUI

7/2001 Appeared before NCBM committee, answered "no" Re; other crimes

1/2005 Arrested for DUI in NC

11/2/05 Conviction for Level II DUI

11/2008 Information rec'd by NCMB Re; 11/05 DUI, investigator inquired about 1998 and 11/05 convictions which were denied

10/2009 Consent Order 6 month suspension stayed for all but 30 days then placed on probation for 6 months.

*****No evidence of NCPHP evaluation, very light disciplinary actions, who and how much was paid for this? No letter sent to provider.**

Licensee

1/2008 in Naples FL DUI/pled "no contest"

11/2009 Public Letter of Concern Re; above

*****Unbelievably light punishment, being a vascular surgeon he made good money, how much did this cost and who was it given to. No mention of NCPHP contract, residential treatment or years out of practice is made.**

Licensee

NCMS

12/9/93; Voluntary surrender of license

1/1995; Consent order; license issued, not allowed to work >50 hours

1997; Consent Order; Full license restored

10/1999; Surrender of license

8/2000; Consent Order Temporary License renewed thru 5/2001

8/2001; Surrender of license

2/2003; Consent order; Temporary License renewed through 3/2004 due to History of abusing hydrocodone and other substances, needs to remain under NCPHHP contract and surrender of DEA License

8/2004; Notice of Charges/Allegations

11/2004; Consent Order; (unable to open most of these documents on public website)

12/2007; Consent Order; Temporary License/re-entry agreement

1/2009; Full license after meeting with Board to discuss his recovery in attempt to regain DEA license

9/2009; Ammended Consent Order/re-entry agreement

*****This is very light treatment, no word on inpatient residential addiction therapy but I hope it occurred. How does this guy get off so easily when others have been hammered so hard? He's had multiple relapses, yet a first-time substance abuser who voluntarily goes into the NCPHP anonymously then answers his license renewal question honestly is removed from practice with a suspension?? Bribery? This is how the system *should* work!**

Licensee

Hx of EtOH abuse, in 1994 surrendered his license, later returned to work with NCPHP monitoring, by 1997 had an unrestricted license.

3/2004 Voluntarily surrendered license due to EtOH/hydrocodone abuse, underwent inpatient residential treatment @ Palmetto Treatment Facility in Louisiana.

3/2005 Consent Order Indefinite suspension per Jimison, physician did not have counsel.

*****Another lost soul... (later contact established, he now is a used care salesman)**

Licensee

3/2005 Consent Order Findings of Fact/Conclusion of Law/Order of Discipline; in

3/2005 Atty Mary Boycewells represented the NCMB & Respondent without Dr.

Murtuza being present.

Dr. M had been licensed since 1989 IM in N Wilkesboro NC

5/21/03 Arrested for DUI in TN, a passenger of the vehicle was an employee and patient, she was also impaired. Blood test at time of arrest showed that Dr had Diazepam,

Nortriptyline & Amitriptyline, no mention of EtOH. Conclusion of unprofessional conduct, substance abuse and never heard from again.

*****1 DUI, possibly by an appropriately prescribed medication taken appropriately while vacationing in another state and he's lost forever! How can one atty represent both the patient and the NCMB?**

Licensee

Subject of a criminal investigation in Asheville due to suspicion that he had written Rx's for controlled substances in his wife's name then diverted to himself due to chronic pain after shoulder injuries

7/2004 surrendered license and was charged with 5 counts of obtaining a controlled substance by fraud, had entered into NCPHP contract and PA PHP due to holding a license there as well.

4/2005 Suspended indefinitely, later went to work in PA

*****Very harsh treatment in NC. Bar Grievance candidate?**

3/5/14

Licensee

3/5/14 Consent Order for Public Letter of Concern for consuming alcohol while on call for hospital on 10/12/13

*****So we have an anesthesiologist who is on call for the University/Medical School/Teaching hospital, drinking while on call and he gets a public letter of concern where most other physicians would get put away for a few years out of**

practice. Why does he get off so lightly? Is it because of connections between the Board members and the university???

4/9/14

Licensee

Hx of EtOH abuse/sober, had knee surgery, relapsed on pain meds, self-referred to NCPHP & turned self in, went into 3 months inpatient treatment which he completed 5/15/13 signed voluntary NCPHP contract and went into treatment

10/28/13 voluntary inactivated license

4/19/14 indefinite suspension

*****WHAT DOES THIS ACCOMPLISH? He'd already completed treatment, 3 months, inpatient from May through August, was in the NCPHP which did NOTHING FOR HIM!**

4/7/14

Licensee

Severe alcohol use disorder Dx'ed by Pavillion where he was treated, indefinite suspension/immediately stayed, under NCPHP contract

*****Why is his suspension immediately stayed and other's are out of work for years or permanently?**

10/2/14

Rayna Larain Rogers DO

Fayetteville NC

9/26/08 licensed

10/2010 NCPHP for EtOH/self-prescribed medications

8/2011 Monitoring contract with NCPHP

7/30/12 NCPHP notified NCMB it was having trouble monitoring Dr. Rogers

6/25/13 Notice of charges/allegations, hearing scheduled for 8/22/13, Dr. Rogers stated she was never notified of the hearing

10/2/14 Summary suspension of license.

6/10/14

Licensee

Non-disciplinary consent order/temporary medical license

While practicing in VA, applied for NC license 7/2012. 12/2012 withdrew application while undergoing inpatient substance abuse therapy, then in 4/2014 completed treatment. Now will transfer to NCPHP

*****She spent 14 months as an inpatient in addiction treatment and gets a NC license without further problems??? I've never heard of somebody spending 14 months in addiction treatment!! Was her addiction that severe?? If so, how was she able to get a license without any other obstacles to overcome in NC??**

10/30/14

Licensee

Consent order/temporary license

12/2006 DUI/voluntarily surrendered license. Inpatient treatment 1/22/07-5/11/07, entered into NCPHP contract 2007.

1/16/13 applied for reinstatement of license

11/13-14/13 CPEP evaluation Re proficiency/performed well

7/30/14 will begin re-entry program & fellowship approved by NCMB medical director within 6 months of this date

*****This guy completes treatment in 5/2007 and is not allowed to even try to practice until 6 years later???? Is the NCMB God??? This is absurd!!!**

7/23/14

Licensee

7/23/14 Consent Order/indefinite suspension of license 2' to opiate use and Hx of diverting to family members/inappropriate records.

*****He relapses on the death of his child to SIDS, no mention anywhere of referral to the NCPHP which is mandated by law. Will he be another lost soul??**

7/21/14

Licensee

5/2013 IVDA at work, completed inpatient treatment and entered contract with NCPHP

7/21/14 Indefinite suspension

*****Will he be another lost soul?**

7/8/14

Licensee

Non-Disciplinary Consent Order

2008 Consent Order due to EtOH abuse/NCPHP contract

5/2012 NCPHP contract completion

10/5/13 DUI Cherokee County, then self-reported to the NCPHP and entered 90 day treatment program

3/10/14 5-year contract with NCPHP

*****She's voluntarily out of work on her own from 10/2013-1/2014 for her 90 day treatment program. She's a relapsing alcoholic and has no extra time out of practice. Yet another guy above is out of work for 6 years on a first offense? How much did this cost?? She doesn't even get a public letter of concern!!**

8/12/14

Licensee

Non-disciplinary consent order

Long Hx of addiction, bipolar, borderline etc going back to cardiac arrest 1997, licensed in VA, TN,

License reinstated 1999

2002 relapsed

2004 deemed safe to practice with monitoring

2005 VA license reinstated

2007 VA indefinite probation removed

2010 VA PHP contract concluded

8/6/2013 applied for NC license, still under contract for monitoring in TN, will be allowed a license in NC with NCPHP monitoring to begin when he starts practicing in TN

*****Interesting, he's out of work for 3 years at one point in VA and has practiced ever since. Maybe our lost souls should move to VA?**

10/20/14

Licensee

Consent Order Reprimand

Hx of EtOH abuse, under NCPHP contract, relapsed on alcohol over his lunch break, his private NCPHP non-practice agreement is now a public non-practice agreement

10/30/13 Consent Order Reprimand

Altered medical records to indicate that an RN was present during 2 abortions when there was no RN present

*****This guy is drinking on the job while under NCPHP contract and still practicing?? Who does he know?**

10/14/14

Public Letter of Concern

Developed PTSD/Substance abuse issues after active duty in Afghanistan, completed military substance abuse/PTSD treatment, under contract with NCPHP after voluntary surrender of license.

*****I applaud the NCMB for not taking his license away. Apparently he lives in VA for the most part, maybe that's part of their reasoning. I am glad that one of those who served are not being unduly further punished—but it is out of character for the NCMB! He received light treatment!**

Licensee

11/20/14 Nondisciplinary consent order reinstating license (voluntarily inactivated license 8/27/12) and shall maintain NCPHP contract with his Hx of EtOH abuse and completion of a 6-week inpatient treatment program in 11/2012 (usually 12 weeks of treatment are required).

*****Why was he not allowed back into practice upon completion of treatment? Why only 6 weeks of treatment? The public record on the NCMB website for him doesn't really state that he had voluntarily withdrawn his license, it's buried in the text of the 11/20/14 document—why? There is an appearance that on the one hand the NCMB is trying to hide his EtOH history yet on the other it kept him out of work for >2 years and did not give him any re-entry agreement to ensure competence.**
